SUMMARY

B.E. Electronics and Communication Engineering graduate with hands-on experience in software and product development using C#, ASP.NET Core, SQL, Java, JavaScript, HTML, and CSS. Experienced in developing web-based applications, implementing business logic, managing databases, and building user-focused solutions. Strong problem-solving and analytical skills with practical experience through software projects and industry internships.

EDUCATION

Bachelor of Engineering – ECE (Electronics & Communication Engineering)	2022-2026
Vivekanandha College of Technology for Women	CGPA:8.2/10
Senior Secondary (12th)	2020-2021
Mahesh Karthik Matric Higher Secondary School, Palani	Percentage:71%
Secondary School (10th)	2018-2019
Mahesh Karthik Matric Higher Secondary School, Palani	Percentage:84.4%

TECHNICAL SKILLS

Languages: C, C#, Java, JavaScript, OOP
Web: HTML, CSS, ASP.NET Core, REST API
Database: SQL, SQL Server, MySQL, Entity Framework Core
Office Suites: MS Excel, MS PowerPoint, MS Word
Tools: VS Code, Figma, Git, GitHub

PROJECTS

CAMPUS MANAGEMENT PLATFORM

Technology used: HTML, CSS, JavaScript, SQL

- Developed a centralized campus management platform with a user-friendly interface to provide easy access to academic information, announcements, events, and campus activities. Used SQL for structured data storage and retrieval and implemented an organized interface for managing campus-related information.

LOAN DEDUCTION PREDICTION SYSTEM WITH BEHAVIORAL ANALYTICS

Technology used: C#, ASP.NET Core, SQL Server, EF Core, JWT.

- Developed a role-based loan management system with Admin, Loan Officer, and Borrower modules. Implemented loan application and approval workflows, EMI schedule generation, payment tracking, automated overdue EMI processing, and behavioral risk prediction based on repayment patterns. Integrated JWT authentication and role-based authorization for secure access to application features.

CERTIFICATES

- Completed Certification in C Programming, gaining foundational skills in procedural programming, data types, loops, and functions.
- Successfully completed Scilab Training, focusing on numerical computation, signal processing, and scientific programming.

INTERNSHIP

Wipro Technologies — Junior Student Trainee | 6 Months

- Gained practical experience in SQL and banking data management, including data retrieval, organization, and validation. Assisted in maintaining accurate and structured banking records, performing data quality checks, and identifying data inconsistencies while gaining exposure to banking processes and data management practices.

Kanini Pvt. Ltd. — Product Engineer | 3 Months

- Contributed to software product development using C#, .NET, SQL, and Git by understanding requirements, implementing development tasks, troubleshooting technical issues, and supporting project deliverables. Worked on debugging, database operations, version control, and software development activities while collaborating with the team to deliver project requirements.
